

# Orquestração de Fluxos de Dados com Apache Airflow

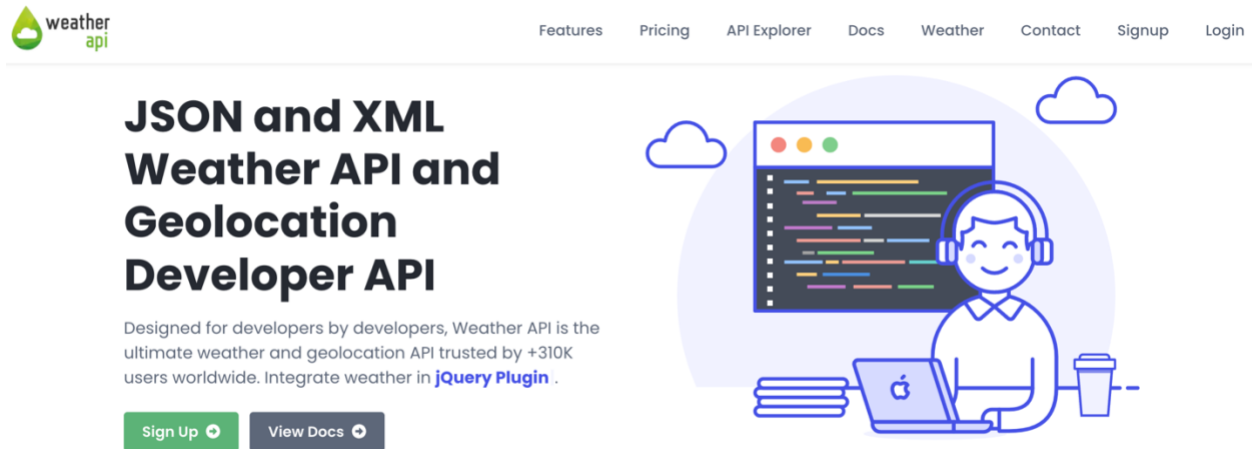

## Criando o Acesso via API

## Orquestração de Fluxos de Dados com Apache Airflow

Acesse o link abaixo para cadastrar uma conta gratuita e então criar a API usada no projeto deste capítulo:

<https://www.weatherapi.com/>

Clique em Signup no menu superior para cadastrar sua conta gratuita:

The image shows the Weather API Sign Up form. The header includes the Weather API logo and navigation links: Features, Pricing, API Explorer, Docs, Weather, Contact, Signup, and Login. The main content area features the heading "Sign Up" and a subheading "On sign up you will be subscribed to Pro Plus plan for free, no obligation 14 day trial. After trial has ended you will be automatically switched to Free plan." Below this is a note: "Note: All the fields are required!". The form fields are: Email (Your email is your username), Retype Email, and Password. Each field has a placeholder text: "e.g.: Jane@Doe.com".

Preencha seus dados corretamente e valide a criação da conta no seu e-mail:

### Account Verification

We have sent you a verification email.

Please login into your email account and click on the verification link provided within this email to verify your email address.

Thank you,

WeatherAPI.com Team

[Features](#) [Pricing](#) [API Explorer](#) [Docs](#) [Weather](#) [Contact](#) [Signup](#) [Login](#)

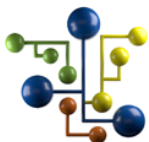

### Email Verification

You have successfully verified your account. Please go to [Login](#) page.

Quando fizer o login, a **API Key** já estará criada. Copie a chave e use no código do Projeto 2 conforme demonstrado nas aulas a seguir.

The screenshot shows the Weather API dashboard. On the left is a sidebar menu with options: API Response Fields, Analytics, Accounts (expanded), Change Plan, Payment Method, Billing, Support, API Explorer, Swagger Tool, and Change Password. The main content area is titled 'Welcome Back' and displays the API Key: 28dba66354454315bde00517241501, with a 'Copy' button and a 'LIVE' status. Below the key are three plan cards: 'Pro Plus Plan' (green), '5,000,000 Calls per Month' (orange), and '0 Calls Made' (pink). A note at the bottom states: 'Note: If you are on a trial plan then after the trial plan ends your API key will be automatically moved to Free plan if you do not wish to upgrade to a paid plan.' On the right, the 'Recent Activities' section shows 'Account created.'

No final da página acima há opção de criar uma nova API se necessário.

**Equipe DSA**

Muito Obrigado!  
Continue Trilhando Uma Excelente Jornada de Aprendizagem.
